Voor elke ruimte en interieur een passende oplossing.

In deze nieuwe catalogus presenteren we met trots onze collectie voor 2026/2027. Een collectie waarin rijke hoog/laag-structuren, verschillende weeftechnieken en warme materialen samenkomen om iedere ruimte karakter te geven. De trendkleuren van dit seizoen – burgundy, terra en groen – zijn sfeervol en perfect te combineren binnen zowel moderne als klassieke interieurs.

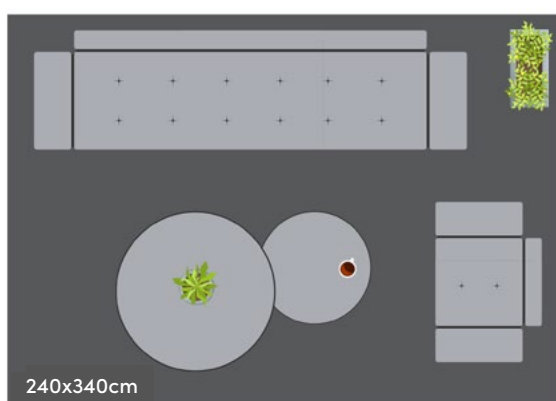

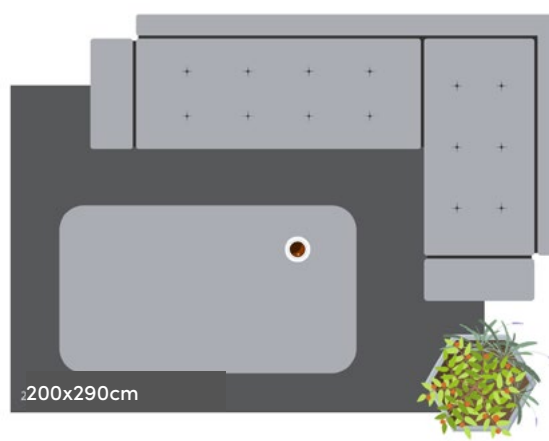

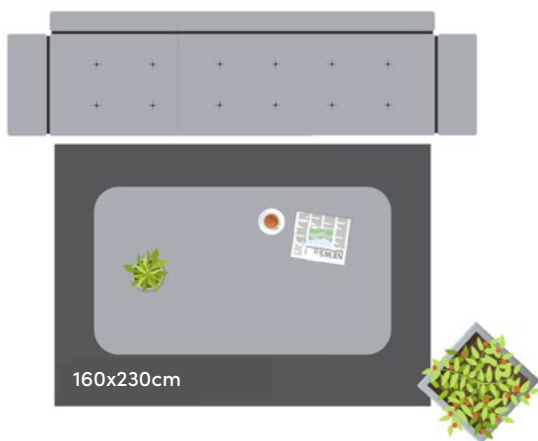

Samen met onze leveranciers hebben we zorgvuldig geselecteerd op kwaliteit, textuur en uitstraling. Het resultaat is een collectie vol karpetten die niet alleen mooi zijn om te zien, maar ook écht bijdragen aan de sfeer van een interieur.

Daarnaast vindt u in deze catalogus een aantal kleden die volledig op maat voor u gemaakt kunnen worden. We vermaken deze kleden in ons eigen atelier, volledig naar uw wens. Zo bieden we voor elke ruimte en elk

interieur een passende oplossing, precies afgestemd op de gewenste afmetingen en uitstraling.

Onze vertegenwoordigers vertellen u graag meer en laten de nieuwste modellen persoonlijk aan u zien. Heeft u vragen of wenst u stalen te ontvangen? Wij staan voor u klaar.

Sfeervolle groet,
Lennart Mateboer
